

General

The ultra-modern HondaJet (HA-420) represents the state-of-the-art in light jet aircraft offering a new level of mission flexibility and reliability.

Its distinctive "over-the-wing" engine design allows for a quieter, more spacious cabin and helps to achieve best-in-class fuel efficiency.

The HondaJet is ideal for 4 passengers flying non-stop missions of up to 800 miles affording more head and shoulder room than any of its competitors. Its full-enclosed aft lavatory makes longer missions both practical and comfortable.
