

General

Longer than many midsize aircraft, the Learjet 45 was designed from the start to accommodate eight passengers with full luggage.

The Learjet 45 offers the kind of head and shoulder room more commonly associated with larger aircraft. There's a generous aft lavatory plus a large forward refreshment center and coat closet for convenience in flight.

The wide flat floor throughout the cabin and 16 windows along the fuselage add an exceptionally open, expansive feeling.

Specifications

Passengers	Typical	Max.
	8	9
