

General

The Learjet 60 is a mid-size jet that can take you across the U.S. - in either direction. With a 2,400 nautical mile IFR range, you are able to connect to virtually any point within North America and beyond.

With its end-to-end stand-up cabin and advanced sound-proofing, the Learjet 60 is exceptionally comfortable for transcontinental flights. Its "best in class" climb performance assures you will fly above the weather and nearly all other high altitude traffic.
