

## One-Way Jet Membership Program

One-Way Rates • Guaranteed Availability

---

LOS ANGELES • SAN FRANCISCO

### For the Discriminating Frequent Flyer

Great Circle is specifically designed to meet the needs of the discriminating regional traveler. We offer **discounted one-way rates** for flights either departing from or returning to airports within 75 miles of one of our "Home Airports". Receive even further discounts when you use one of our Home Airports.

Never again will you be charged for an empty return leg. And for those times that you need an aircraft for a same-day round-trip flight or a "road show" itinerary, we offer fully competitive charter rates.

### Features of the Great Circle Program

- **One-way pricing** as well as discounted rates for round-trips.
- Fly to **destinations throughout North America** including Canada, Mexico and the Caribbean.
- **Freedom to choose** the right aircraft category for each flight. Choose from twin turboprops, light jets, and mid-size jets.
- **Guaranteed access** with as little as 24 hours notice.
- **No term** - exit the program at any time without penalty.
- **Full debit program** - receive a "zero balance" invoice after each trip.
- **Deposits start as low as \$50,000.** Replenish as your account gets low.
- **Over three decades of service** from the management team of the former Spirit Aviation, one of the most respected names in private aviation.

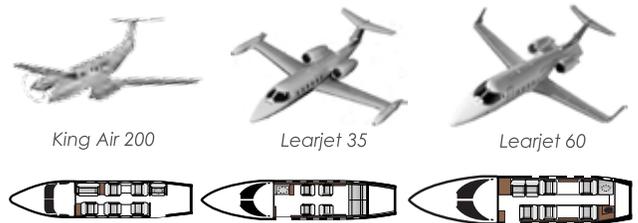

### Pay for Occupied Flight Legs Only

Great Circle lets you fly anywhere within North America including Canada, Mexico and the Caribbean.

### Choose the Right Aircraft Category for each flight.

## How Does Great Circle Work?

### 1. Deposit a Minimum of \$50,000 to Start Enjoying Great Circle.

Sign and return your Great Circle Agreement along with your deposit.

### 2. Simply Call Great Circle When You Wish to Fly.

Tell us when you want to fly and which category of aircraft you'll need. We'll do the rest. If you are unsure as to the right aircraft category for your mission, we'll gladly suggest the right one for the number of passengers and your particular itinerary.

### 3. Flying One-Way or Round-Trip, We'll Give You the Best Rate.

Great Circle offers the flexibility of one-way rates as well as round-trip pricing... with no charges for landing fees or repositioning. Simply fly out from (or return to) an airport within 75 nm of one of our Home Airports (Van Nuys and San Carlos, CA). **Save even more when you use one of our Home airports.**

### 4. Receive Simple, Straightforward "Zero Balance" Trip Invoices as well as Monthly "Year-to-Date" Activity Statements.

After every trip you will receive a clear and comprehensive report that reflects the details of your trip and identifies the flight time and related charges. No fine print. No confusion.

Additionally, you receive a monthly statement that provides you with a listing of all your flights on the Great Circle program as well as your running balance.

### 5. When Your Deposit Runs Low, Simply Replenish and Keep Flying Great Circle.

### 6. "No Strings Attached" Promise.

Perhaps you decide to purchase your own plane. Maybe your travel patterns change and a "fractional" program begins to make more sense.

Let us know and we'll help you with your decision. If you decide to leave the program – for whatever reason - we will return your unused deposit balance.

## Dreamline: A Trusted Private Jet Operator

Dreamline Aviation is comprised of a team of charter professionals that has over thirty years experience in delivering exceptional flight service for hundreds of clients.

In 1983, owners Mark Schmaltz and Kurt Kohler founded Spirit Aviation, which became one of the leading and most respected flight services companies on the West Coast. Today, we bring that same experience and credibility to Dreamline Aviation.

Dreamline Aviation, LLC is an FAA-certified Part 135 air carrier (Cert. # 5DLA311M) authorized to conduct worldwide charter operations. Our aircraft are based in Southern and Northern California.

## Great Circle: A Pioneer Jet Membership Program

The Great Circle program was first developed in 1998 to provide our more frequent flyers with added value features such as reduced rates as well as guaranteed availability of aircraft.

## Frequently Asked Questions about Great Circle

### What is the Great Circle "Base Region" and how does it work?

The Base Region is comprised of all the accessible airports within a 75 nm radius of a Great Circle Home Airport (VNY and SQL). When you **depart from or return to** any Base Region airport you benefit from Great Circle rates. Use our Home Airport and save even more.

### How do I determine if my flight is "One-Way" or "Round-Trip"?

Great Circle One-Way rates will generally be the least expensive option when you will be staying at your destination for more than a couple of days. Your Great Circle Flight Coordinator will make sure that you are charged the least expensive rate for each of your trips.

### What is included in the hourly rate charge?

All landing fees and repositioning costs are included in your hourly rate charge. Basic catering is also complimentary.

### What is NOT included in the hourly rate charge?

Remain-overnight charges (RONs) are not included. Other charges not included in the hourly rate charge are: fuel surcharges, de-icing or special hangaring, flight phone charges, third-party charges, international fees, airspace fees, and taxes.

### What is Great Circle's term?

Great Circle has no term. You are not obligated to fly within a set period of time. Great Circle rates are subject to an annual increase.

### What is the Great Circle Deposit and how is it applied to my invoice?

Great Circle requires a minimum deposit of \$50,000. All charges will be deducted from this deposit account. You are free to replenish your deposit account at any time.

### Are there minimum flight time charges with Great Circle?

Yes, for One-Way travel there is a one (1) hour minimum daily charge for all aircraft. For Round-Trip travel the daily minimum is two (2) hours for jets and one and one half (1.5) hours for turboprops.

### How much prior notice is required when scheduling my flights?

We require 24 hours prior notice to guarantee flight booking. When flying on a Peak Activity Period (e.g. the days following a holiday), minimum notice is 36 hours. For Peak Activity Periods, we reserve the right to delay departures for up to 6 hours or reschedule up to 3 hours earlier than requested.

### How is flight time computed?

Flight time is based on *actual* flight time, rounded up to the nearest 1/10th hour plus 12 minutes for taxi time per chargeable flight leg.

### Can I select a specific aircraft with Great Circle?

As a Great Circle Member you select the general Category of aircraft you'd like to use: from turboprops, light jets or mid-size jets. Then based on the number of passengers and the required aircraft performance, your Great Circle Flight Coordinator will select a specific aircraft type.

### Will I be given free upgrades?

From time to time, Dreamline may offer you a complimentary upgrade to a higher Category of aircraft. You will be charged the hourly rate for your originally requested aircraft but flight time will be based on *the computer-estimated flight time of the originally requested aircraft*.

### What is Great Circle's cancellation policy?

You may cancel your flight with at least 24 hours prior notice. If your flight cancels with less than 24 hours notice, you will be charged either \$2,000 or, if the aircraft has repositioned for the flight, the One-Way rate for the actual flight time required to position the aircraft.

### How is Great Circle's fuel surcharge computed?

Your Great Circle Agreement specifies a "Base Fuel Cost". This is the per-gallon price of jet fuel at the time you signed your Agreement. After each flight our Flight Coordinator will determine the "delta" or the difference between this rate and the current national average price posted in [www.100LL.com](http://www.100LL.com). This difference is then multiplied by the aircraft Category's hourly fuel consumption rate and flight time.

### Does Dreamline operate all of the aircraft used in the Great Circle program?

While Dreamline operates many of the aircraft flown for Great Circle, some flights are operated by other fully-approved FAA Part 135 Air Carriers who meet the high standards we require.

### What if I decide to exit the program before my deposit balance is exhausted?

You may elect to leave the Great Circle program at any time without penalty. Your entire deposit balance minus any outstanding invoice amounts will be returned to you.

### What type of training do your pilots receive?

All Dreamline pilots receive the same simulator-based training that is utilized by national airlines as well as extensive training conducted by our own in-house training captains.
